Data Protection

Please note that your submitted comments will be used in the plan process for the lifetime of the Local Plan in accordance with the Data Protection Act 1998. Your response cannot be treated as confidential as they will be available for public inspection and may also be made available to Derby City Council and South Derbyshire District Council in the preparation of their Local Plan.

Please note that the number of comments submitted is anticipated to be high and therefore it will not be possible to acknowledge receipt of or respond to your representation.

QUESTIONS

Please answer the questions that are relevant to what you are interested in; you do not need to answer all of the questions.

AMBER VALLEY BOROUGH LOCAL PLAN DRAFT LOCAL PLAN – MARCH 2017

Chapter 3 Spatial Portrait for Amber Valley

Please give your comments quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider are necessary.

The Spatial Portrait is accurate - no changes proposed.

Chapter 4 Spatial Vision for Amber Valley

Please give your comments quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider are necessary

The Spatial Vision is supported.

Chapter 5 Strategic Objectives

Please give your comments stating which objective(s) they refer to and state what (if any) changes you consider are necessary

These Objectives are supported

Chapter 6 Spatial Strategy Policies

Policy SS1 Presumption In Favour Of Sustainable Development

Please give your comments on the content of the policy and supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider are necessary

We support the reference to Neighbourhood Plans are recognised. The phrase “where relevant” (para 2) creates some uncertainty and it is suggested that this is replaced by “where plans exist...”.

Policy SS2 Housing Land Provision & Distribution

Please give your comments on the content of the policy and supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider are necessary

There is a lot of detail in this section and it is not easy to follow as the setting out of the history is not chronological, produces a lot of changing numbers, some apparent typos in numbers and hence some confusion. Examples are: 9770 in Appendix 1a and 9700 in the text; sites with planning permission in Appendix 1a totalling 4778 and in Appendix 1 totalling 4800.

It is critical that these facts, reasoning and conclusions are set out coherently and accurately.

The plan appears to be to over-supply needs (11704 planned v. need of 9770?) and if so this needs to be explained and justified.

The inclusion of the proposed site for 400 houses off Kedleston Road is considered inappropriate because (a) it is subject to Statutory Review and (b) developing this site contravenes many other policies in the Draft Plan (noting the Draft Local Plan includes text and policies throughout that indicate that the setting of Kedleston Hall and Park should be protected).

Policy SS3 Settlement Hierarchy

- *Please give your comments on the content of the policy and supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider are necessary*

Policy SS3 identifies those villages with the greatest number of services and facilities are identified as 'Key Villages', whilst those with less facilities are identified as 'Other Villages & Settlements'.

The criteria for deciding whether a settlement is a key village or not needs to be explained and justified.

Quarndon is included as a "Key Village", but has no shops, no Post Office, no medical facilities, no retirement or care homes, very infrequent public transport, and no safe cycling/walking links to local settlements. Duffield as a comparison is also defined as a key village and this has extensive facilities, including medical and dentist practices, secondary school, public library, a range of shops including a small mini-store, several public houses, cafes, frequent bus and rail services, etc.

Quarndon is inappropriate for significant housing development, as those areas of the Parish not already built on are: Green Belt, part of Kedleston Park, or form part of the setting of Kedleston Hall & Park. Significant development would compromise the policies relating to the foregoing. Much of the centre of Quarndon is a conservation area. If the term key village is intended to identify those communities that can support significant extra housing then Quarndon does not fall into the category

Quarndon should be classified as an "Other Village".

Policy SS4 Business & Industrial Land Provision & Distribution

Please give your comments on the content of the policy and supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

No comments

Policy SS5 Other Locations To Support Economic Growth

Please give your comments on the content of the policy and supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

No comments.

Policy SS6 Development In Town Centres

Please give your comments on the content of the policy and supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

No comments

Policy SS7 Primary Shopping Frontages

Please give your comments on the content of the policy and supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

No comments

Policy SS8 Development On The Edge Of Or Outside Town Centres

Please give your comments on the content of the policy and supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

No comments

Policy SS9 Green Belt

Please give your comments on the content of the policy and supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

It is good to see that protection of Green Belt is maintained in the Draft Plan - we support this. However, Policy SS9(e) allows for limited infilling on villages in Green Belt with no clear definition of what limited infilling is and where the limits of building would be. What and who defines "limited infilling" needs explanation.

Green belt adjoining villages provides green spaces and wildlife corridors. This clause should either be removed or caveated with further controls such as such development not having an adverse effect on amenity, landscape, heritage assets or biodiversity. As written it is difficult to see how any proposal for infill on green belt would be considered as being "limited" or not.

In paragraph 6.9.1 it is said that Green Belt boundaries should only be altered in exceptional circumstances. These exceptional circumstances should be clearly identified in advance, otherwise the risk is that any changed circumstances might be used to justify development on the Green Belt.

The wording of Policy SS9 allows a wide range of planning permissions to be granted on Green Belt land. In particular, the term "engineering operations" seems vague. Can wording be added to make plainer just what engineering operations might be allowed?

Policy SS10 Amendment To The Green Belt

Please give your comments on the content of the policy and supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

No comment

Policy SS11 Countryside

Please give your comments on the content of the policy and supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

We strongly agree with this section.

Chapter 7 Growth Site Policies

Chapter 8 Housing Policies

Policy H1 Housing Development Within Urban Areas & Key Villages

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

Quarndon is included as a "Key Village", but has no shops, no Post Office, no medical facilities, no retirement or care homes, very infrequent public transport, and no safe cycling/walking links to local settlements. Quarndon is inappropriate for significant housing development, as those areas of the Parish not already built on are Green Belt, part of Kedleston Park, or form part of the setting of Kedleston Hall & Park. Significant development would compromise the policies relating to the foregoing. Much of the centre of Quarndon is a conservation area. We consider Quarndon should not be classified as a key village.

The policy states that development should be located within the limits of continuous or contiguous development forming the existing built up area of a settlement. The majority of which in Quarndon is either green belt or a conservation area. There is nowhere any significant development could take place without compromising the policies relating to the foregoing.

The use of the word "including" (just below key villages) places no limits on the type of housing development that could be considered. It is not clear as to whether this is meant to be the case, or whether the bulleted list provides those limits.

Policy H2 Housing Development Within Other Villages & Settlements

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

A more explicit definition of "built framework" is required in this policy. (It is presumed the same as the definition set out in 8.1.3?)

The use of the word "including" (at the end of the village list) places no limits on the type of housing development that could be considered. It is not clear as to whether this is meant to be the case, or whether the bulleted list provides those limits.

Policy H3 Housing Development Outside Settlements

Please give your comments on the content on the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

No comments

Policy H4 Housing Types, Mix & Choice

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

If Kedleston Road development proceeds, the housing mix should include high quality properties and facilities suitable for elderly residents to downsize.

policy H5 Affordable Housing

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

Policy H5 states that affordable housing development will be permitted on "rural exceptions" sites, providing that the proposals "meet a genuine local need." The word "local" is ambiguous and should be defined more clearly. As an example, Quarndon is adjacent to Derby. Would this policy apply to developments in Quarndon to meet Derby's housing needs?

Policy H6 Viability

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

No comments

Policy H7 Self-Build & Custom Build Dwellings

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

No comments

Policy ED11 Restaurants and Cafés (A3), Drinking Establishments (A4) and Hot Food Takeaways (A5)

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

No comments

Policy ED12 Tourism

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

No comments

Chapter 10 Renewable Energy Policies

Policy R1 Renewable Energy Developments

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

We agree and support this policy

Chapter 11 Environment Policies

Policy EN1 Managing Flood Risk

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

We agree and support this policy

Policy EN2 Historic Environment

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

We agree and support this policy

Policy EN3 Derwent Valley Mills World Heritage Site

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

We agree and support this policy

Policy EN4 Listed Buildings

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

We agree and support this policy

(A query over the potential demolition of a listed property and the need to refer to Historic England agreement?)

Policy EN5 Conservation Areas

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

We agree and support this policy

It is good to see that Conservation Area and landscape protection has been strengthened by explicitly including hedgerows, boundaries, open spaces and views. However Policy EN5 states that the Council will "support the retention of features such as walls, hedgerows, trees and important open spaces" This appears rather weak. Should not the policy state "ensure the retention of features such as - - - etc."

policy EN6 Archaeological Features

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

We agree and support this policy

Policy EN7 Registered Parks & Gardens

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

We agree and support this policy

We would like all the fields between Quarndon and Duffield and Allestree recognised as a Protected Open Break because

- They provide a green corridor linking Allestree Park and Kedleston
- They contain BAP species and Quarndon can contribute to AVBC meeting NPPF requirements to identify and map local ecological networks

Policy EN8 Protected Open Break

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

We have no specific observation on the policy itself other than that we recognise that it protects the identities of the named locations by protecting open land between them. We would wish to discuss the possibility for a similar approach to be taken with Quarndon – protecting the green areas between it and Derby (Allestree) in particular. This will preserve the identity of Quarndon as well as preserve green areas, landscape and biodiversity.

We would like all the fields between Quarndon and Duffield and Allestree recognised as a Protected Open Break because

- They provide a green corridor linking Allestree Park and Kedleston
- They contain BAP species and Quarndon can contribute to AVBC meeting NPPF requirements to identify and map local ecological networks

Policy EN9 Special Landscape Area

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

We agree and support the principle of this policy.

There is however no comment as to how proposals that are visually prominent will be considered as acceptable or not – simply that they are accompanied by an assessment?

Policy EN10 Landscape Character and Features

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

We agree and support this policy

Policy EN11 Biodiversity

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

We agree and support this policy

policy EN12 Pollution

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

We agree and support this policy

policy EN13 Derelict, Unstable & Contaminated Land

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

No comment

Policy EN14 Hazardous Substances

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

We agree and support this policy

policy EN15 Shop Fronts

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

No comment

Policy EN16 Advertisements

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

No comment

Policy EN17 Quality & Design Of Development

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

We agree and support this policy

This policy is key and contains many criteria of importance.

One area that it does not touch on is the amount of off road parking that is expected or that on road parking is not acceptable in areas where the road network is unsuitable for it.

Chapter 12 Infrastructure Policies

Policy IN1 Sustainable Transport

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

We agree and support this policy

Policy IN2 Disused Transport Routes

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

We agree and support this policy

Policy IN3 Cromford Canal

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

We agree and support this policy

Policy IN4 Green Infrastructure, Parks & Open Space

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

We agree and support this policy

Quarndon currently lacks sufficient community open spaces for sport and recreation. The only public space is the Barn Close childrens' playground and this is not accessible by wheelchair or footpath.

We need significant improvements to our green infrastructure and will need much more if development proceeds at Kedleston Road.

Policy IN5 Sport & Recreational Open Space

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

We agree and support this policy
Quarndon currently lacks sufficient community open spaces for sport and recreation. The only public space is the Barn Close childrens' playground and this is not accessible by wheelchair or footpath.
We need significant improvements to our green infrastructure and will need much more if development proceeds at Kedleston Road.

Policy IN6 Safeguarded Land For Educational Facilities

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

No comment

Policy IN7 Safeguarded Land For Cemetery Extensions

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

Policy IN13 Developer Contributions

Please give your comments on the content of the policy, the supporting text quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider necessary

We agree and support this policy

Any Other Comments On The Draft Local Plan

Many of the policies as written are good but are often subjective and open to wide interpretation. They require subjective appraisals to be made when balancing impacts and benefits of development. This gives lack of certainty to both communities and developers. References to established published guidelines/supporting documents would be good.

The plan appears to be weak on encouraging brownfield development bowing to an inevitability that greenfield development will happen – do these policies incentivise brownfield development as much as they could? Similarly, The Plan appears to accept that the many empty properties in the Borough cannot be brought into reuse – could the Plan introduce positive incentives to bring these properties back into use?

DRAFT SUSTAINABILITY APPRAISAL REPORT

Please give your comments in relation to the following questions

Have the reasonable alternatives for growth been identified and sufficiently appraised?

Is there any additional evidence or environmental information which you consider should inform the site, policy or the broad options appraised?

Does the appraisal sufficiently describe the anticipated effects of the Local Plan?

Have appropriate mitigation measures been identified or are there other measures available to address the likely effects of the Local Plan?

Do you have any comments on the emerging proposals for monitoring the effects of the Local Plan?

Please also give any other general comments on the report quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider are necessary

DRAFT INFRASTRUCTURE DELIVERY PLAN

Please give your comments quoting the relevant paragraph numbers as appropriate and state what (if any) changes you consider are necessary

About You

Amber Valley Borough Council is committed to ensuring our services are accessible and designed to meet the diverse needs of Amber Valley communities. By completing this section you are helping us make sure we are meeting this commitment. You do not have to give this information if you do not wish to.

Your name will not be linked to the equalities data below when we analyse the findings from this survey.

1. Gender: Male Female Transgender

2. Which category below includes your age? (Please tick one box only).

| | | | |
|----------------|--------------------------|-------------------|--------------------------|
| Under 16 | <input type="checkbox"/> | 45 to 54 years | <input type="checkbox"/> |
| 16 to 17 years | <input type="checkbox"/> | 55 to 59 years | <input type="checkbox"/> |
| 18 to 24 years | <input type="checkbox"/> | 60 to 64 years | <input type="checkbox"/> |
| 25 to 34 years | <input type="checkbox"/> | 65 to 74 years | <input type="checkbox"/> |
| 35 to 44 years | <input type="checkbox"/> | 75 years and over | <input type="checkbox"/> |

3. What is your ethnic group?

- White
- White - British/English/Welsh/Scottish/Northern Irish
- Irish
- Eastern European
- Gypsy or Irish Traveller
- Any other white background (please specify)
- Mixed/multiple ethnic groups
- White & Black
- Caribbean
- White & Black African
- White & Asian

- Any other mixed/multiple ethnic background (please specify)
- Asian/Asian British
- Indian
- Pakistani
- Bangladeshi
- Chinese
- Any other Asian background (please specify)
- Black/African/Caribbean/Black British
- African
- Caribbean
- Any other black/African/Caribbean/black British background (please specify)
- Other ethnic group
- Arab
- Any other ethnic group (please specify)

4. A disabled person is someone who has a physical or mental impairment which has a substantial and long term adverse effect on their ability to carry out normal day to day activities. Do you consider yourself to have a disability?

- Yes
- No

5. What type of disability do you have?

- Affecting mobility
- Affecting hearing
- Affecting vision
- A learning disability
- Other (please specify)
